COMMENTS

Beth Barnes, associate corporate secretary, called roll and announced that a quorum was present.

Chair Walsh called upon Scott Cole, vice president and general counsel, to present the purpose of the meeting. Cole outlined the details of the Lake Nona land swap.

BUSINESS MEETING

Chair Walsh presented the following item for board approval:

**FP-1 (formerly FPC-2): Lake Nona Land Swap** – A motion was made by Trustee Thomas Yochum and passed by the board to approve an exchange of land with Lake Nona.

On December 26, 2006, the University of Central Florida Real Estate Foundation, on behalf of UCF, received a gift of fifty acres of land from the Lake Nona Land Company, LLC. Approximately five acres of the property was reserved for two roads and a chilled water plant. Lake Nona requested that UCF exchange the southern piece of the property for an identically sized piece of land located immediately east of the property in order to facilitate the location of the VA hospital south of the UCF site. As part of the deal, Lake Nona agreed to re-route the roads and move the chiller plant from the UCF site. As a result, UCF would gain approximately five additional acres of developable land.
Cole reported that two conditions previously set by the board had been satisfied and that the property has increased in value and has been re-appraised at $30 million.

**ADJOURNMENT**

Chair Walsh thanked all parties concerned for their good faith negotiations. Since there was no further business to discuss, the special conference call meeting was adjourned at 10:35 a.m.

Respectfully submitted:

John C. Hitt
Corporate Secretary
