BUSINESS MEETING
As part of the community effort to obtain a college of medicine for the University of Central Florida, the Tavistock Foundation pledged a cash gift of $12.5 million, along with 50 acres of developable land at Lake Nona, for the UCF Health Sciences Campus. The cash gift is eligible for a one-to-one state match through the Courtelis Matching Program, but must be submitted to the Board of Governors in December in order to be considered for a match in the 2006 legislative session. Closing on the land transaction will take place prior to March 1, 2007.

President Hitt presented the following item for board approval:

ADV-1: Approval of Donation Agreement and Gift Agreement – A motion was made by Trustee Judith Albertson and seconded by Trustee Alan Florez to approve the donation agreement of $12.5 million in cash and the gift agreement of 50 acres of land for the UCF Health Sciences Campus between UCF and the Lake Nona Land Company. The motion was unanimously approved. Trustee Harris Rosen had to leave the conference call before the vote was taken.

The donation agreement for the cash gift and the gift agreement for the land transaction are attached.
Several trustees expressed their concerns over the process, timing, and restrictions of the negotiating process. They indicated their desire to be better informed in a more timely manner so that they might present cogent and intelligent comments when voting on significant items. President Hitt announced that he was ready and eager to find ways to improve the negotiating process while still complying with the state’s strict sunshine laws.

ADJOURNMENT

Since there was no further business to discuss, the special conference call meeting was adjourned at 10:55 a.m.
