ITEM: INFO-1

**UCF BOARD OF TRUSTEES
March 26, 2020**

Title: Proposed UCF On-Campus Housing Rental Rates Increase

Background:

UCF is committed to providing student residents with safe, inclusive housing communities that foster their success through innovative living and learning opportunities.

The university is proposing to raise campus housing rental rates an average of 5 percent for each of the next three years (fiscal years 2021, 2022, and 2023) to fund planned maintenance and improvement projects (see Attachment A), as well as to support additional staffing and other operating expenses that have grown with the increased number of beds and the demand for on-campus housing. Occupancy for UCF housing averages 99 to 100 percent with a consistent waitlist.

This agenda item includes a recommended average of 5 percent increase for fiscal year 2021. Each future increase mentioned above would be brought before the Board for discussion and reaffirmation.

This would be the first time since 2012 that the university has sought to increase its owned and managed campus housing rental rates. In that same period of time, UCF has increased its beds by nearly 2,000.

This rental increase would impact the 4,444 beds that the university owns – about a third of UCF’s 12,268 owned or managed student beds across 10 communities. The proposed on-campus housing rental rates for these properties for fiscal year 2021 are listed in Attachment D, page 1.

In February, the UCF Convocation Corporation increased the Towers’ housing rates by 5 percent for fiscal year 2021, with additional 5 percent increases planned for each of the following two years. Other externally owned, UCF-managed properties have recently approved rental increases of up to 5 percent to take effect in Fall 2020, including a 5 percent increase at the Rosen College student apartments, a 4 percent increase at NorthView, and increases ranging from 1.3 to 5 percent at UnionWest at UCF Downtown. Additional information on the rental rates for all university-owned and managed properties is in Attachment D.

Since 2012, Housing has drawn on its operating reserves to fund operations and to complete all necessary maintenance projects, while deferring some projects that are primarily enhancements. However, Housing is reevaluating its reserves with the goal of creating a \$12 million reserve, approximately one semester of operating expenses and debt service. Alternatively, this amount could cover one year’s debt service reserve plus three months of operating expenses.

The university is projecting an operating deficit of \$3.3 million for fiscal year 2020 (see Attachment B), as a result of rising expenses, no rate increases, and anticipated impacts of the COVID-19 virus on housing operations. To address this operating deficit, Housing has elected to defer certain non-critical maintenance and improvements. Because Housing’s bond-restricted renewal and replacement reserves may only be used for extraordinary circumstances, typical planned maintenance and improvements, such as painting or replacing flooring, must be funded through operating reserves.

Even with the rate increases, UCF’s main campus rental rates would remain among the lowest in the State University System and the surrounding communities because of UCF’s commitment to keeping costs low for students and their families. Comparative rates for UCF and other state universities are in Attachments E and F; comparisons with the surrounding community are in Attachment G.

Issues to be Considered:

1. The lack of rental rate increases has reduced the ability to address planned maintenance, resulting in \$10.2 million of deferred maintenance and improvement projects. An average rental rate increase of 5 percent for fiscal years 2021, 2022 and 2023 would allow Housing to address these planned projects to maintain student and parent satisfaction over three to four years.
2. Since 2012, Housing has had an increase of 1,937 owned and managed beds. Additional staffing is needed to continue providing quality service and to meet the demands of the additional residents.
3. The impact of the proposed rate increase for on-campus residents is an average increase of \$35.75 per month for students. By the third year, the proposed increase would generate an additional \$4.5 million per year for Housing.
4. As an auxiliary operation, Housing must maintain its own adequately funded operating reserves; E&G funding may not be used to pay for an auxiliary's operating costs.
5. Housing's renewal and replacement reserves are fully funded; however, they are restricted for unusual or extraordinary capital expenditures and may not be used for routine maintenance or capital renewal unless expressly authorized by the State and the Board of Governors. Despite operating at a cash deficit recently, Housing has still maintained its required minimum debt service ratio; however, the coverage ratio has been declining in recent years.
6. Beginning in the Fall, UCF would provide an additional \$100,000 annually in housing scholarships, funded by the rental rate increase, to help the university's neediest students.
7. The Florida Prepaid College Board allows for a six percent annual increase when approving each university's housing rates, per F.S. 1009.98 (10)(b)(4).
8. Nearly three quarters of those living on campus are freshmen; these students would arrive at UCF paying the new rates.
9. Four-year graduation rates for full-time first time-in-college (FTIC) students living on campus at least one year are 10.5 percentage points higher than those who do not live on campus (50.3 percent versus 39.8 percent).
10. Housing will return to the Board of Trustees in January 2021 to provide a financial update, and to seek reaffirmation on whether to continue with the planned 5 percent increase for the next fiscal year.

Alternatives to Decision:

1. Propose a different housing rate.
2. No increase in housing rates.

Fiscal Impact and Source of Funding:

The requested fiscal year 2021 rental rate increase would generate additional revenues of \$1.38 million per year and would increase the average housing cost for residents by \$35.75 per month.

Recommended Action:

Inform the committee of this item, which is on the April 22 Finance and Facilities Committee meeting agenda.

Authority for Board of Trustees Action:

Delegation of Authority to the President, Items requiring specific approval of the board, 25. Adoption of new or changes in existing tuition and fees.

Contract Reviewed/Approved by General Council:

N/A

Committee Chair or Chairman of the Board approval:

Chair Alex Martins has approved adding this item to the agenda.

Submitted by:

Joseph Trubacz, Interim Vice President for Financial Affairs and Chief Financial Officer
Maribeth Ehasz, Vice President for Student Development and Enrollment Services

Planned Maintenance & Improvement Projects for: FY 2021-2025

Planned maintenance and improvement projects for fiscal year 2020-21, totaling \$2,550,000 and includes:

- exterior painting of Lake Claire Community (\$250,000)
- replacement of Lake Claire Windows, phase 1 of 3 (\$450,000) *
- replacement of HVAC chill water units in Hercules Community (\$500,000)
- ResNet (UCF managed Internet Service Provider) infrastructure upgrade (\$1,350,000)

Planned maintenance and improvement projects for fiscal year 2021-22, totaling \$3,780,000 and includes:

- replacement of Lake Claire Windows, phase 2 of 3 (\$450,000) *
- replacement of fire alarm panels in Nike and Hercules Communities (\$400,000)
- resealing and exterior painting of Hercules Community (\$1,500,000) *
- refurbishing of exterior stairwells in Lake Claire Community (\$80,000) *
- replacement of Seminole Hall roof (\$535,000)
- ResNet (UCF managed Internet Service Provider) infrastructure upgrade (\$1,350,000)

Planned maintenance and improvement projects for fiscal year 2022-23, totaling \$5,720,000 and includes:

- resealing and exterior painting of Nike Community (\$1,500,000) *
- replacement of Lake Claire kitchens, phase 1 of 2 (\$550,000) *
- replacement of Lake Claire Windows, phase 3 of 3 (\$450,000) *
- LED lighting upgrades for AV and Libra Communities (\$400,000) *
- replacement of Brevard Hall roof (\$535,000)
- replacement of Academic Village windows, phase 1 of 3 (\$935,000)*
- ResNet (UCF managed Internet Service Provider) infrastructure upgrade (\$1,350,000)*

Planned maintenance and improvement projects for fiscal year 2023-24, totaling \$3,120,000 and includes:

- replacement of Lake Claire kitchens, phase 2 of 2 (\$550,000) *
- replacement of wall mounted chill water HVAC in Brevard, Orange, and Seminole Halls (\$1,100,000) *
- replacement of Orange Hall roof (\$535,000)
- replacement of Academic Village windows, phase 2 of 3 (\$935,000)*

Planned maintenance and improvement projects for fiscal year 2024-25, totaling \$2,455,000 and includes:

- replacement of Academic Village windows, phase 3 of 3 (\$935,000)
- replacement of Nike Community roofs (\$1,200,000)
- restoration of brick mortar in Apollo Community (\$320,000)

* Denotes planned maintenance that was scheduled in previous fiscal years. An increase in the cost of goods and services, with no new revenue, resulted in deferring some renewal projects. A total of \$10.2 million was deferred.

¹ Rental revenues and other event revenues are expected to be lower in FY 2020 due to unanticipated closures from the Coronavirus. Rental revenue projections include a 5% increase in rental rates for FY 2021-2023 based on historical max rental revenue totals.

² The projected decrease in interest and investment earnings is due to realized investment gains recorded in fiscal year 2020 related to the funding of University capital projects in fiscal year 2019. All investment earnings distributed to the auxiliary are transferred back to the University during the year to fund other capital initiatives.

³ Expenses are projected to increase by 3% in FY 2021-2025.

⁴ Construction transfers are for the ongoing ResNet infrastructure upgrade.

⁵ Funds equal to 30% of gross operating revenue (rental & other revenue) must be maintained in reserve. Housing replacement reserves are restricted for unusual or extraordinary capital expenditures and cannot be used for routine maintenance or capital renewal.

Provost Conference Room 395E**

Minutes

Chair Grant Heston called the meeting to order. Board members Manoj Chopra, Tracy Clark, Maribeth Ehasz, and Beverly Seay and were also present.

Others present were Jordan Clark, Josh Bolona, Traci Fisher, Albert Francis III, Courtney Furiosi, Chris Huff, John Keena, Joe Imbriaco, Ronnie Lamkin, Trent Merritt, Peter Mitchell, Phong Ngo, John Pittman, Tony Peluso, Christina Sierra, Lavar Smith, Robert Taft, and Mark Wright.

Approval of Minutes

The May 18, 2018, minutes were approved.

Proposed 2017-18 Fiscal Year UCFCC Audited Financial Report

Albert Francis, Assistant Controller, Finance and Audit, presented the 2017-18 UCFCC Audited Financial Report. Francis concluded the financial statements were reasonably stated and an unmodified opinion was issued verifying a clean audit opinion.

Francis introduced John Weber, Partner, Crowe LLP, who gave a presentation detailing the following audit results:

- Unmodified auditor's opinion
- Report on internal control and compliance over financial reporting
- SAS 114 communications

Chair Heston asked Weber to give a summary of the company's first year experience working with the corporation's audit. Weber said the audit went smoothly and commended Francis, Finance and Accounting staff, and UCFCC management for their cooperation and depth of knowledge of both the corporation and audit procedures.

Kathy Mitchell, Interim Chief Financial Officer, Administration and Finance, asked Weber if there were any IT audit findings to report. Weber confirmed Crowe LLP can rely on the corporation's IT systems completely regarding input controls and user access controls relative to financial transactions performed.

Subway Lease Amendment

Ronnie Lamkin, General Manager, UCFCC gave an overview of the subway lease amendment as an information item. Lamkin explained the university is now the contracting (Landlord) party to the lease and the amendment includes two five-year renewal options allowing Subway to refresh its current space as required by the franchise.

Scott Cole, Vice President and General Counsel, acknowledged the lease amendment does not require board approval. Kathy Mitchell added Jordan Clark, Associate General Counsel, will work with Subway to finalize agreement for submission to the Board of Trustees.

UCFCC Arena Reserve Deposit

John Pittman, Associate Vice President, Debt and Revenue Management, reported in 2015 the UCFCC Certificates of Participation Series 2005A and Taxable Certificates of Participation Series 2005B were refinanced to Refunding Revenue Bonds, Series 2015A and Taxable Refunding Revenue Bonds Series 2015B. The new bond covenants for the Renewal and Replacement (R&R) funds now require the board to approve a specified amount to deposit into the R&R fund sufficient to maintain facilities.

Pittman read an excerpt from the 2015 UCFCC Operating Agreement: "The corporation covenants to budget annually the amounts necessary to fund the R&R fund for the purpose of funding capital improvements to the facilities. The deposit to the R&R fund may be adjusted from time to time by the corporation as provided in the annual budget. The corporation agrees to obtain a conditions assessment report at least bi-annually to confirm the amount being deposited into the R&R fund is sufficient to maintain the facilities. The renewal and replacement requirement for fiscal year ended June 30, 2016 shall be \$475,000."

Pittman explained prior to the 2015 refinancing, the amount for the R&R fund required a formula-specific amount that did not require a separate line item for budget approval. Both Pittman and Francis confirm that \$450,000 is sufficient to maintain the facilities and would not interfere with operations or budgetary obligations of the corporation.

Pittman further explained the renewal and replacement proposed deposit of \$450,000 should have been included in the 2018-19 budget approved during the May 18, 2018 meeting. To correct the oversight, Pittman asked the board to approve a deposit of \$450,000 to fund the R&R fund for the purpose of funding capital improvements to the facilities.

Chair Heston said prior to the refinancing when the university took over the assets of the corporation, if a problem occurred, the corporation was solely responsible for the repairs. However, now that the assets belong to the university, the corporation has more flexibility. Two years from now the corporation may have difficulties meeting the R&R reserve requirements. The corporation will need to address new fund sources to meet future repair needs as soon as possible.

Chair Heston gave his support of the proposed \$450,000 deposit and further reminded the board the corporation is here to serve at the discretion of the university. He suggested the sources and uses of both the surplus and R&R accounts warrant an in-depth discussion at the next meeting.

Board member Tracy Clark said if the corporation is in a position where it cannot meet financial obligations, the university agreed to withhold charging the corporation expenditures under its control. Also, in the bond's support agreement, if the corporation is unable to meet the debt coverage ratio, the university will utilize interest earnings and auxiliary balances to help meet the debt service requirements, as the university has the right to invest in its own assets.

Chair Heston called for approval of the proposed deposit of \$450,000 to fund the R&R Fund for the purpose of funding capital improvements to the facilities, which was approved unanimously. The board asked that future financial transactions proposed for board approval be submitted in writing prior to the meeting.

In addition, board member Tracy Clark requested to meet with Kathy Mitchell and Jordan Clark to review the corporation's bond agreements to determine their financial structures and potential need for university support.

First-Quarter Financial Report

Ronnie Lamkin, General Manager, UCFCC, and Joe Imbriaco, General Manager, Spectra Venue Management, gave a detailed overview of the third-quarter financial report. Housing, arena and retail revenues, and expenses are tracking as anticipated and within budgetary goals. Expense variances are expected to balance out by the third quarter and a positive variance is expected by year-end.

Lamkin also gave the board a historical overview of the spending moratorium requested by the previous secretary/treasurer Bill Merck for Knights Plaza's beautification and Next Generation projects. Following discussions, Kathy Mitchell said she will contact Lamkin for further discussion.

Housing Occupancy and Market Update

Peter Mitchell, Director, Housing and Residence Life (HRL), reported on occupancy, market trends, and partnerships. Mitchell said housing's occupancy is at 98.19 percent, which is in line with prior year. Fall opening went smoothly and included more campus events compared to prior year. Parents and students responded positively to the additional staff hired by HRL to assist with move-ins and curbside valet service.

SGA president Josh Boloña asked Peter Mitchell to explain the housing application process, the number of students waitlisted, and how are waitlisted students handled. Peter responded student applications totaled just under a thousand, and there were over a thousand beds available including the Towers. A lottery system is utilized for applicants and the remaining waitlisted students are then referred to affiliated housing.

Peter Mitchell added this is the sixth year the rates have been frozen, and HRL fund reserves have been used in the interim and are near depletion. Other institutions have had increases either every year or in multiple years. For example, University of Florida has always had an increase over the last five to six years.

Chair Heston and the board asked how other universities were able to raise their housing fees. Ehasz said she will put a team together to review different rate models and research other universities' increases versus private partnership rents, and report back to the board prior the Board of Trustees meeting. Ehasz also acknowledged the Board of Governors will also need to weigh in on how the university plans that process before rates are confirmed.

Premium Sales

Brady Hart, Associate Athletics Director, Premium Sales, reported one new suite and six new Loge seats have been sold to date. November and December prospect events have been scheduled to include UCF basketball attendees and both corporate Orlando and downtown communities, to help increase sales. Chair Heston asked, and Hart agreed, to submit a written report that includes year-over-year information prior to the next board meeting.

Spectra Venue Management Events Update

Imbriaco highlighted athletic games, various events, commencements, and Light Up UCF.

Trent Merritt, Regional Vice President, Spectrum Venue Management, gave an update on the reporting industry relative to the CFE Arena. Merritt thanked the board for its continued support, and he commended the collaborative teamwork of Spectra Venue Management and the UCFCC for another successful year.

Knights Plaza Retail Updates

Lamkin reported retail spaces are fully leased with the exception of Knight Aide Pharmacy expiring this month. A letter of intent is in place with a prospective tenant.

Lamkin also asked the board to consider extending waiving rent for Limbitless Solutions, Inc. for this year per the commitment of the previous vice president of Administration and Finance. The board agreed to waive the rent for Limbitless Solutions, Inc. for this year. Cole acknowledged there should be an amendment to the lease highlighting the rent waiver and amount.

UCFCC Project Updates

Lamkin gave an update on the Venue roof project. Anticipated completion of construction drawings is after Thanksgiving. Project pricing and materials purchases are set to begin in January, and the goal for project completion is June of 2020. Bill Martin, Director, Facilities Planning and Construction (FPC), also discussed project funding and competitive bidding outside versus bidding within UCF's continuing services model, and how it relates to the requirements of the Board of Governors, placing the implementation authority of projects on the university FPC department. Martin said he believes FPC falls under the continuing service model and going outside for vendors is a concern. The board asked and Lamkin agreed to compile the information needed for the board to consider and add it to the agenda during the special housing rates meeting in January.

Cole said since the project is not state funded, the regulations may be different for direct service organizations. He will research further and report back to the board. Lamkin added the UCFCC operating agreement assigns responsibility to the corporation.

Chair Heston adjourned the meeting at 3:00 p.m.

Respectfully submitted: 
Misty Shepherd
Vice Secretary/Treasurer

Re: Reserve Study Update Report

As authorized, this reserve study update report has been prepared on the UCF Convocation Corporation property, located at 12777 Gemini Boulevard North, Suite 1023 in Orlando, Florida. A summary of our recommendations and findings can be found on the next page.

Your report has been divided into sections for easier referencing. This first section includes all of your general information such as report definitions, accounting formulas used, statutory requirements, etc.

The graphs show in graph form the reserve schedules we have calculated and should give you a better understanding of the numbers.

In this report we have taken two approaches to calculating the reserve contribution amount. The schedule uses straight line accounting method. This schedule will give you the recommended straight line contribution amount.

The cash flow calculates the annual contribution amount based on a thirty year positive cash flow. The total recommended contribution amount using this method is based on pooling all of the reserve funds and creating one general reserve fund. For further explanation of these two funding methods, please refer to the "Reserve Study Accounting" page in section 1.

Thank you for allowing my Company the opportunity of serving you and your Association. Upon your review of this report, should there be any questions, please do not hesitate to contact me.

Prepared By,

D.J. Muehlstedt, Jr.
Sr. Reserve Analyst/Insurance Appraiser

Dreux Isaac
President

Report Process

The purpose of this report is to provide UCF Convocation Corporation with specific information necessary in establishing a capital reserves program for the current budget year beginning July 1, 2017 and ending June 30, 2018.

The process of preparing this report began with an evaluation of the previous reserve study report prepared by this company. In doing so we talked and corresponded with management and personnel, and reviewed all reserve related work that had been done on the property since our last contact.

Replacement cost values have been adjusted to reflect current economic conditions. These economic conditions were determined through a combination of local contractor information, bid proposals, our own database of construction costs and published construction cost indexes.

Remaining lives were then adjusted according to schedule, except in cases where it was determined that a particular component's life should be extended or reduced by a greater amount based on its' condition.

Based on the latest available financial records, projections were made as to what the Association's end of year reserve balances would be. However, accumulating interest on the varying reserve balance amounts and/or unplanned expenditures may cause the actual end of year reserve balances to differ from what is presented in this report.

Reserve Study Accounting

This reserve study report calculates the annual reserve contribution using two methods. These are as follows:

Straight Line Funding Plan

This plan utilizes straight line accounting formulas. Straight line accounting is based on current costs and neither interest or inflation are factored into the calculations.

Straight line accounting takes each individual component line item in the reserve schedule breakdown and computes its' annual contribution amount by taking its' unfunded balance (current replacement cost minus projected year end reserve balance) and divides it by the component's remaining life. This is the amount that should be contributed into the reserves accounts over the component's remaining life.

30 Year Pooled Cash Flow Plan

To calculate the annual contribution amount using this method, a thirty year cash flow analysis is performed to determine that there will be adequate reserve funds on deposit as the reserve components of the property age and are repaired and/or replaced.

This analysis takes the total beginning year reserve balance along with the projected annual reserve expenditures over a thirty year period, and through pooling of all of the reserve funds and creating one general reserve fund, arrives at an annual contribution amount so as to provide a positive cash flow and adequate reserve account balance over the next thirty years.

Unlike straight line accounting, the numbers calculated in the thirty year cash flow plan factor in both interest and inflation as well as any annual contribution increases.

Report Definitions

Reserves

Monies set aside for the projected repair and/or replacement of the associations common elements.

Component

A specific item or element which is part of the association's common area assets and is considered to require reserve funding.

Quantity

The quantity or amount of each reserve component element.

Units

The unit of measurement for each quantity.

Cost Per Unit

The estimated cost to replace a reserve component per unit of measurement.

Current Cost

The estimated current cost to replace a reserve component.

Useful Life

The total average estimated life, in years, of a component to maintain its useful purpose.

Remaining Life

The estimated remaining useful life, in years, of a reserve component as of the current budget year.

06/30/2017 Balance

A projection of estimated reserve funds at the end of the previous budget year.

Unfunded Balance

The total remaining amount of reserve funds that are required to fully fund a component. Calculated by subtracting the component's current replacement cost from its' year-end reserve balance.

2017-18 Contribution

This is the total annual contribution amount for the current budget year calculated by dividing every component's unfunded balance by its' remaining life.

Unit Abbreviations

Sq Ft - Square Feet

Lp Sm - Lump Sum

DbI Ct - Double Tennis Court

Ln Ft - Linear Feet

Allow - Allowance

Court - Court

Hp - Horsepower

Units - Units

Sq Yds - Square Yards

Cu Ft - Cubic Feet

Cu Yds - Cubic Yards

Kw - Kilowatts

Pair - Pair

Squares - Squares (roofing)

Company Information

Since 1989 Dreux Isaac & Associates has been serving community associations, businesses, private clubs and non-profit organizations throughout Florida and the Southeast United States by performing reserve studies, insurance appraisals and turnover reports.

Experience - We have inspected and prepared thousands of reserve studies and insurance appraisals for all sizes and types of communities, located in large cities, small towns, resort areas and remote islands.

Training - All technical work is performed by professionals with backgrounds in engineering or architecture.

Accuracy - All our reports are based on local data and conditions which we continuously monitor.

Understandability - We're numbers people, but many who read and use our reports are not. So we summarize the data and present it to you in a way that is clear and logical.

Compliance - The reports we prepare will comply with all governing regulations for your association.

Safety - We carry errors and omissions, liability and workers compensation insurance.

Update Reports

Inflation, labor rates, material availability, taxes, insurance and asset lives are just but a few of the ever changing variables addressed in your reserve study report.

It is important that you keep your reserve plan on target with annual update reports. Since the initial calculations on the property have now been performed, we can offer this service to you (with or without site re-inspection) at just a percentage of the cost of your "First Time" reserve study.

We recommend annual update reports (without site re-inspection) for the first three years following your 1st time reserve study. In performing these reports, we will take the information from your computer file and calculate current replacement cost values, asset lives and financial figures based on the latest available information.

Then in the fourth year we suggest making a brief site re-inspection to observe the present physical condition of your reserve components to determine if any adjustments should be made to the remaining life expectancies, or unit costs of each component. Once completed we can then repeat this four year cycle of your reserve program for as long as you wish. By following this recommended plan, your reserve program will have the most accurate information available each year from which you can make sound budget decisions.

To make this process easier, we can set you up on our three year automatic update service to make sure you do not miss an update. To get started just contact us at 800-866-9876 or update@dia-corp.com.

Terms and Conditions

Dreux Isaac & Associates, Inc. uses various sources to accumulate data on construction material and labor prices in order to arrive at its' opinion of cost. The information obtained from these sources is considered to be correct and reasonable, but is not guaranteed. No liability is assumed as a result of inaccuracies or errors in such information or estimates, although reasonable efforts have been made to confirm them.

Unless noted, each component cost is based on replacing that component as a complete unit at one time.

While all cost data is believed to be accurate and reliable to within reasonable limits, other factors such as inflation, availability of materials and qualified personnel and/or acts of nature as well as catastrophic conditions, could significantly affect current prices.

No consideration has been given to labor bonuses; material premiums; additional costs to conform property replaced to building codes, ordinances or other legal restrictions; or the cost of demolition in connection with replacement or the removal of destroyed property. No value of land has been included.

We have no present or contemplated future interest in the property that is the subject of this report and that we have no personal interest or bias with respect to the subject matter of this report or the parties involved.

We certify that neither the employment to prepare this report, nor the compensation, is contingent upon the estimates of value contained herein.

In the event that complete construction plans/blueprints were not available for use in the completion of this report, assumptions were made regarding unseen construction components, based on our experience with properties similar to the subject. In the event that these assumptions are in error, we reserve the right to modify this appraisal, including value conclusions.

Information, estimates, and opinions furnished and contained in the report, were obtained from sources considered reliable and are believed to be true and correct. However, for accuracy of such items furnished we can assume no responsibility.

Our assessment of the useful and remaining lives and/or physical condition of the assets described within has been based upon visual inspection. No testing has been performed. No warranty is made and no liability is assumed for the soundness of the structure or its components.

The report data derived and expressed within is not applicable to any other property regardless of similarity.

The authors of this report shall not be required to give testimony or appear in court or at any administrative proceeding relating to this report, unless this report is, by agreement, made in anticipation of litigation.

The liability of Dreux Isaac & Associates, Inc., the author(s) of this report, and any other employees of Dreux Isaac & Associates, Inc. is limited in total to the fee collected for preparation of this report.

According to the best of our knowledge and belief, the statements of fact contained in this report which are used as the basis of the analysis, opinions and conclusions stated herein, are true and correct.

Acceptance of, and/or use of, this report constitutes acceptance of the above conditions.

Summary of Recommendations and Findings

1. General Information

Property Name:	UCF Convocation Corporation	Report Run Date:	04/28/2017
Property Location:	Orlando, Florida	Report No:	5171 Version 2
Property Number:	4066	Budget Year Begins:	07/01/2017
Property Type:	Other	Budget Year Ends:	06/30/2018
Total Units:	1		
Phase:	Arenas, Garage F, Retail 1 (1 of 3)		

2. Report Findings

Total number of categories set up in reserve schedule:	7
Total number of components scheduled for reserve funding:	374
Total current cost of all scheduled reserve components:	\$17,073,497
Estimated Beginning Year Reserve Balance:	\$1,213,732
Total number of components scheduled for replacement in the 2017-18 Budget Year:	51
Total cost of components scheduled for replacement in the 2017-18 Budget Year:	\$1,364,609

3. Straight Line Reserve Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$1,165,328
Recommended Annual Reserve Funding Contribution Amount:	\$2,370,234
Increase (decrease) between Current & Recommended Contribution Amounts:	\$1,204,906
Increase (decrease) between Current & Recommended Contribution Amounts:	103.40%

4. 30 Year Pooled Cash Flow Funding Plan Analysis

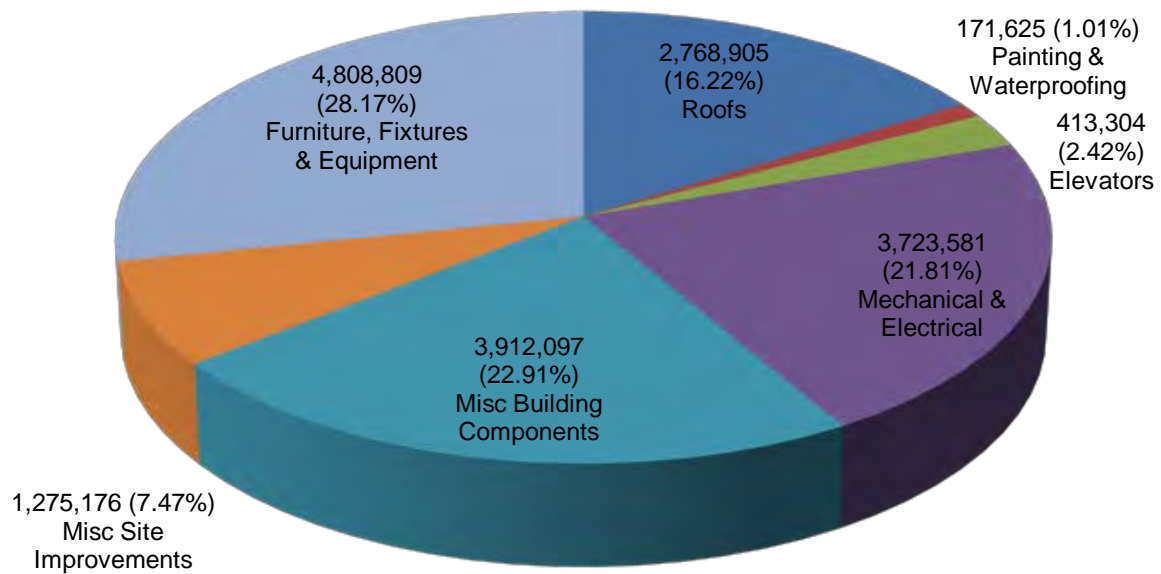

Current Annual Reserve Funding Contribution Amount:	\$1,165,328
Recommended 2017-18 Reserve Funding Contribution Amount:	\$1,315,521
Recommended 2017-18 Planned Special Assessment Amount:	\$0
Total 2017-18 Reserve Funding and Planned Special Assessment Amount:	\$1,315,521
Increase (decrease) between Current & Recommended Contribution Amounts:	\$150,193
Increase (decrease) between Current & Recommended Contribution Amounts:	12.89%

Summary of Recommendations and Findings

1. General Information

Property Name:	UCF Convocation Corporation	Report Run Date:	04/28/2017
Property Location:	Orlando, Florida	Report No:	5171 Version 2
Property Number:	4066	Budget Year Begins:	07/01/2017
Property Type:	Other	Budget Year Ends:	06/30/2018
Total Units:	1		
Phase:	Housing, Retail 2 & 3 (2 of 3)		

2. Report Findings

Total number of categories set up in reserve schedule:	9
Total number of components scheduled for reserve funding:	218
Total current cost of all scheduled reserve components:	\$22,178,671
Estimated Beginning Year Reserve Balance:	\$2,597,147
Total number of components scheduled for replacement in the 2017-18 Budget Year:	15
Total cost of components scheduled for replacement in the 2017-18 Budget Year:	\$809,648

3. Straight Line Reserve Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$468,542
Recommended Annual Reserve Funding Contribution Amount:	\$1,609,795
Increase (decrease) between Current & Recommended Contribution Amounts:	\$1,141,253
Increase (decrease) between Current & Recommended Contribution Amounts:	243.58%

4. 30 Year Pooled Cash Flow Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$468,542
Recommended 2017-18 Reserve Funding Contribution Amount:	\$536,351
Recommended 2017-18 Planned Special Assessment Amount:	\$0
Total 2017-18 Reserve Funding and Planned Special Assessment Amount:	\$536,351
Increase (decrease) between Current & Recommended Contribution Amounts:	\$67,809
Increase (decrease) between Current & Recommended Contribution Amounts:	14.47%

Summary of Recommendations and Findings

1. General Information

Property Name:	UCF Convocation Corporation	Report Run Date:	04/28/2017
Property Location:	Orlando, Florida	Report No:	5171 Version 2
Property Number:	4066	Budget Year Begins:	07/01/2017
Property Type:	Other	Budget Year Ends:	06/30/2018
Total Units:	1		
Phase:	Garages E & G (3 of 3)		

2. Report Findings

Total number of categories set up in reserve schedule:	6
Total number of components scheduled for reserve funding:	28
Total current cost of all scheduled reserve components:	\$784,319
Estimated Beginning Year Reserve Balance:	\$464,028
Total number of components scheduled for replacement in the 2017-18 Budget Year:	0
Total cost of components scheduled for replacement in the 2017-18 Budget Year:	\$0

3. Straight Line Reserve Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$51,729
Recommended Annual Reserve Funding Contribution Amount:	\$16,588
Increase (decrease) between Current & Recommended Contribution Amounts:	-\$35,141
Increase (decrease) between Current & Recommended Contribution Amounts:	-67.93%

4. 30 Year Pooled Cash Flow Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$51,729
Recommended 2017-18 Reserve Funding Contribution Amount:	\$52,271
Recommended 2017-18 Planned Special Assessment Amount:	\$0
Total 2017-18 Reserve Funding and Planned Special Assessment Amount:	\$52,271
Increase (decrease) between Current & Recommended Contribution Amounts:	\$542
Increase (decrease) between Current & Recommended Contribution Amounts:	1.05%

Re: Reserve Study Update Report

As authorized, this reserve study update report has been prepared on the UCF Convocation Corporation property, located at 12777 Gemini Boulevard North, Suite 1023 in Orlando, Florida. A summary of our recommendations and findings can be found on the next page.

Your report has been divided into sections for easier referencing. This first section includes all of your general information such as report definitions, accounting formulas used, statutory requirements, etc.

The graphs show in graph form the reserve schedules we have calculated and should give you a better understanding of the numbers.

In this report we have taken two approaches to calculating the reserve contribution amount. The schedule uses straight line accounting method. This schedule will give you the recommended straight line contribution amount.

The cash flow calculates the annual contribution amount based on a thirty year positive cash flow. The total recommended contribution amount using this method is based on pooling all of the reserve funds and creating one general reserve fund. For further explanation of these two funding methods, please refer to the "Reserve Study Accounting" page in section 1.

Thank you for allowing my Company the opportunity of serving you and your Association. Upon your review of this report, should there be any questions, please do not hesitate to contact me.

Prepared By,

D.J. Muehlstedt, Jr.
Sr. Reserve Analyst/Insurance Appraiser

Reviewed By,

Dreux Isaac
President

Report Process

The purpose of this report is to provide UCF Convocation Corporation with specific information necessary in establishing a capital reserves program for the current budget year beginning July 1, 2019 and ending June 30, 2020.

The process of preparing this report began with an evaluation of the previous reserve study report prepared by this company. In doing so we talked and corresponded with management and personnel, and reviewed all reserve related work that had been done on the property since our last contact.

Replacement cost values have been adjusted to reflect current economic conditions. These economic conditions were determined through a combination of local contractor information, bid proposals, our own database of construction costs and published construction cost indexes.

Remaining lives were then adjusted according to schedule, except in cases where it was determined that a particular component's life should be extended or reduced by a greater amount based on its' condition.

Based on the latest available financial records, projections were made as to what the Association's end of year reserve balances would be. However, accumulating interest on the varying reserve balance amounts and/or unplanned expenditures may cause the actual end of year reserve balances to differ from what is presented in this report.

Reserve Study Accounting

This reserve study report calculates the annual reserve contribution using two methods. These are as follows:

Straight Line Funding Plan

This plan utilizes straight line accounting formulas. Straight line accounting is based on current costs and neither interest or inflation are factored into the calculations.

Straight line accounting takes each individual component line item in the reserve schedule breakdown and computes its' annual contribution amount by taking its' unfunded balance (current replacement cost minus projected year end reserve balance) and divides it by the component's remaining life. This is the amount that should be contributed into the reserves accounts over the component's remaining life.

30 Year Pooled Cash Flow Plan

To calculate the annual contribution amount using this method, a thirty year cash flow analysis is performed to determine that there will be adequate reserve funds on deposit as the reserve components of the property age and are repaired and/or replaced.

This analysis takes the total beginning year reserve balance along with the projected annual reserve expenditures over a thirty year period, and through pooling of all of the reserve funds and creating one general reserve fund, arrives at an annual contribution amount so as to provide a positive cash flow and adequate reserve account balance over the next thirty years.

Unlike straight line accounting, the numbers calculated in the thirty year cash flow plan factor in both interest and inflation as well as any annual contribution increases.

Report Definitions

Reserves

Monies set aside for the projected repair and/or replacement of the associations common elements.

Component

A specific item or element which is part of the association's common area assets and is considered to require reserve funding.

Quantity

The quantity or amount of each reserve component element.

Units

The unit of measurement for each quantity.

Cost Per Unit

The estimated cost to replace a reserve component per unit of measurement.

Current Cost

The estimated current cost to replace a reserve component.

Useful Life

The total average estimated life, in years, of a component to maintain its useful purpose.

Remaining Life

The estimated remaining useful life, in years, of a reserve component as of the current budget year.

06/30/2019 Balance

A projection of estimated reserve funds at the end of the previous budget year.

Unfunded Balance

The total remaining amount of reserve funds that are required to fully fund a component. Calculated by subtracting the component's current replacement cost from its' year-end reserve balance.

2019-20 Contribution

This is the total annual contribution amount for the current budget year calculated by dividing every component's unfunded balance by its' remaining life.

Unit Abbreviations

Sq Ft - Square Feet

Lp Sm - Lump Sum

Dbl Ct - Double Tennis Court

Ln Ft - Linear Feet

Allow - Allowance

Court - Court

Each - Each

Hp - Horsepower

Units - Units

Sq Yds - Square Yards

Cu Ft - Cubic Feet

Cu Yds - Cubic Yards

Kw - Kilowatts

Pair - Pair

Squares - Squares (roofing)

Company Information

Since 1989 Dreux Isaac & Associates has been serving community associations, businesses, private clubs and non-profit organizations throughout Florida and the Southeast United States by performing reserve studies, insurance appraisals and turnover reports.

Experience - We have inspected and prepared thousands of reserve studies and insurance appraisals for all sizes and types of communities, located in large cities, small towns, resort areas and remote islands.

Training - All technical work is performed by professionals with backgrounds in engineering or architecture.

Accuracy - All our reports are based on local data and conditions which we continuously monitor.

Understandability - We're numbers people, but many who read and use our reports are not. So we summarize the data and present it to you in a way that is clear and logical.

Compliance - The reports we prepare will comply with all governing regulations for your association.

Safety - We carry errors and omissions, liability and workers compensation insurance.

Update Reports

Inflation, labor rates, material availability, taxes, insurance and asset lives are just but a few of the ever changing variables addressed in your reserve study report.

It is important that you keep your reserve plan on target with annual update reports. Since the initial calculations on the property have now been performed, we can offer this service to you (with or without site re-inspection) at just a percentage of the cost of your "First Time" reserve study.

We recommend annual update reports (without site re-inspection) for the first three years following your 1st time reserve study. In performing these reports, we will take the information from your computer file and calculate current replacement cost values, asset lives and financial figures based on the latest available information.

Then in the fourth year we suggest making a brief site re-inspection to observe the present physical condition of your reserve components to determine if any adjustments should be made to the remaining life expectancies, or unit costs of each component. Once completed we can then repeat this four year cycle of your reserve program for as long as you wish. By following this recommended plan, your reserve program will have the most accurate information available each year from which you can make sound budget decisions.

To make this process easier, we can set you up on our three year automatic update service to make sure you do not miss an update. To get started just contact us at 800-866-9876 or update@dia-corp.com.

Terms and Conditions

Dreux Isaac & Associates, Inc. uses various sources to accumulate data on construction material and labor prices in order to arrive at its' opinion of cost. The information obtained from these sources is considered to be correct and reasonable, but is not guaranteed. No liability is assumed as a result of inaccuracies or errors in such information or estimates, although reasonable efforts have been made to confirm them.

Unless noted, each component cost is based on replacing that component as a complete unit at one time.

While all cost data is believed to be accurate and reliable to within reasonable limits, other factors such as inflation, availability of materials and qualified personnel and/or acts of nature as well as catastrophic conditions, could significantly affect current prices.

No consideration has been given to labor bonuses; material premiums; additional costs to conform property replaced to building codes, ordinances or other legal restrictions; or the cost of demolition in connection with replacement or the removal of destroyed property. No value of land has been included.

We have no present or contemplated future interest in the property that is the subject of this report and that we have no personal interest or bias with respect to the subject matter of this report or the parties involved.

We certify that neither the employment to prepare this report, nor the compensation, is contingent upon the estimates of value contained herein.

In the event that complete construction plans/blueprints were not available for use in the completion of this report, assumptions were made regarding unseen construction components, based on our experience with properties similar to the subject. In the event that these assumptions are in error, we reserve the right to modify this appraisal, including value conclusions.

Information, estimates, and opinions furnished and contained in the report, were obtained from sources considered reliable and are believed to be true and correct. However, for accuracy of such items furnished we can assume no responsibility.

Our assessment of the useful and remaining lives and/or physical condition of the assets described within has been based upon visual inspection. No testing has been performed. No warranty is made and no liability is assumed for the soundness of the structure or its components.

The report data derived and expressed within is not applicable to any other property regardless of similarity.

The authors of this report shall not be required to give testimony or appear in court or at any administrative proceeding relating to this report, unless this report is, by agreement, made in anticipation of litigation.

The liability of Dreux Isaac & Associates, Inc., the author(s) of this report, and any other employees of Dreux Isaac & Associates, Inc. is limited in total to the fee collected for preparation of this report.

According to the best of our knowledge and belief, the statements of fact contained in this report which are used as the basis of the analysis, opinions and conclusions stated herein, are true and correct.

Acceptance of, and/or use of, this report constitutes acceptance of the above conditions.

Summary of Recommendations and Findings

1. General Information

Property Name:	UCF Convocation Corporation	Report Run Date:	04/30/2019
Property Location:	Orlando, Florida	Report No:	6277 Version 3
Property Number:	4066	Budget Year Begins:	07/01/2019
Property Type:	Other	Budget Year Ends:	06/30/2020
Total Units:	1		
Phase:	Arenas, Garage F, Retail 1 (1 of 3)		

2. Report Findings

Total number of categories set up in reserve schedule:	7
Total number of components scheduled for reserve funding:	354
Total current cost of all scheduled reserve components:	\$16,946,857
Estimated Beginning Year Reserve Balance:	\$1,471,989
Total number of components scheduled for replacement in the 2019-20 Budget Year:	34
Total cost of components scheduled for replacement in the 2019-20 Budget Year:	\$1,036,307

3. Straight Line Reserve Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$475,000
Recommended Annual Reserve Funding Contribution Amount:	\$2,158,291
Increase (decrease) between Current & Recommended Contribution Amounts:	\$1,683,291
Increase (decrease) between Current & Recommended Contribution Amounts:	354.38%

4. 30 Year Pooled Cash Flow Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$475,000
Recommended 2019-20 Reserve Funding Contribution Amount:	\$1,257,788
Recommended 2019-20 Planned Special Assessment Amount:	\$0
Total 2019-20 Reserve Funding and Planned Special Assessment Amount:	\$1,257,788
Increase (decrease) between Current & Recommended Contribution Amounts:	\$782,788
Increase (decrease) between Current & Recommended Contribution Amounts:	164.80%

Summary of Recommendations and Findings

1. General Information

Property Name:	UCF Convocation Corporation	Report Run Date:	04/30/2019
Property Location:	Orlando, Florida	Report No:	6277 Version 3
Property Number:	4066	Budget Year Begins:	07/01/2019
Property Type:	Other	Budget Year Ends:	06/30/2020
Total Units:	1		
Phase:	Housing, Retail 2 & 3 (2 of 3)		

2. Report Findings

Total number of categories set up in reserve schedule:	9
Total number of components scheduled for reserve funding:	230
Total current cost of all scheduled reserve components:	\$23,161,337
Estimated Beginning Year Reserve Balance:	\$2,234,636
Total number of components scheduled for replacement in the 2019-20 Budget Year:	22
Total cost of components scheduled for replacement in the 2019-20 Budget Year:	\$517,643

3. Straight Line Reserve Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$425,000
Recommended Annual Reserve Funding Contribution Amount:	\$2,087,910
Increase (decrease) between Current & Recommended Contribution Amounts:	\$1,662,910
Increase (decrease) between Current & Recommended Contribution Amounts:	391.27%

4. 30 Year Pooled Cash Flow Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$425,000
Recommended 2019-20 Reserve Funding Contribution Amount:	\$527,449
Recommended 2019-20 Planned Special Assessment Amount:	\$0
Total 2019-20 Reserve Funding and Planned Special Assessment Amount:	\$527,449
Increase (decrease) between Current & Recommended Contribution Amounts:	\$102,449
Increase (decrease) between Current & Recommended Contribution Amounts:	24.11%

Summary of Recommendations and Findings

1. General Information

Property Name:	UCF Convocation Corporation	Report Run Date:	04/30/2019
Property Location:	Orlando, Florida	Report No:	6277 Version 3
Property Number:	4066	Budget Year Begins:	07/01/2019
Property Type:	Other	Budget Year Ends:	06/30/2020
Total Units:	1		
Phase:	Garages E & G (3 of 3)		

2. Report Findings

Total number of categories set up in reserve schedule:	6
Total number of components scheduled for reserve funding:	28
Total current cost of all scheduled reserve components:	\$811,320
Estimated Beginning Year Reserve Balance:	\$548,590
Total number of components scheduled for replacement in the 2019-20 Budget Year:	1
Total cost of components scheduled for replacement in the 2019-20 Budget Year:	\$16,000

3. Straight Line Reserve Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$50,000
Recommended Annual Reserve Funding Contribution Amount:	\$14,501
Increase (decrease) between Current & Recommended Contribution Amounts:	-\$35,499
Increase (decrease) between Current & Recommended Contribution Amounts:	-71.00%

4. 30 Year Pooled Cash Flow Funding Plan Analysis

Current Annual Reserve Funding Contribution Amount:	\$50,000
Recommended 2019-20 Reserve Funding Contribution Amount:	\$50,665
Recommended 2019-20 Planned Special Assessment Amount:	\$0
Total 2019-20 Reserve Funding and Planned Special Assessment Amount:	\$50,665
Increase (decrease) between Current & Recommended Contribution Amounts:	\$665
Increase (decrease) between Current & Recommended Contribution Amounts:	1.33%

ITEM: FF-1

UCF BOARD OF TRUSTEES
March 26, 2020

Title: Proposed Housing Refunds Due To COVID-19 Closures

Background:

On March 11, the State University System (SUS) announced a requirement for state universities to provide remote instruction to their students for at least two weeks to minimize the spread of the COVID-19 virus. On March 17, 2020, the SUS extended this requirement through the end of the Spring semester. Accordingly, the university directed students not to return to campus following Spring Break, which was during March 9-14, 2020.

To minimize the economic burden that the COVID-19 emergency may have on students, the university, along with all other SUS institutions, plans to refund students who are no longer able to utilize their university-owned housing facilities (see Attachment A for an explanation of UCF's owned, managed, and affiliated housing facilities).

- a. For facilities owned and managed by the university, UCF plans to refund a portion of the Spring semester housing charges.
- b. For Towers (UCF Convocation Corporation holds the debt) and the Rosen Campus (UCF Hospitality School Student Housing Foundation, Inc. holds the debt), the university may be required to refund a portion of the Spring semester's housing charges because the university is contractually obligated to cover debt service for these two properties should they be unable to do so themselves.
- c. For other facilities managed by, but not owned by the university – Northview (owned by Provident Group – UCF Properties, LLC) and UnionWest at the UCF Downtown Campus (owned by Creative Village SHP Owner, LLC) – the owner will be responsible for any refunds to students. We are communicating with these partners so that they are aware of the refunds planned for students in university-owned housing.

Separate conversations are being held with Aramark concerning potential credits for students no longer able to utilize their university meal plan.

Issues to be Considered:

The Department of Housing and Residence Life (Housing) has updated its financial projections (see Attachment B) and calculated the financial impact (see Attachment C) of refunding students in all housing for which the university is responsible for debt-service (i.e., in university-owned, Towers, and Rosen housing facilities). The refund period will start on March 30, 2020, in accordance with Board of Governors' directives to depopulate SUS campuses for two weeks after each institution's Spring Break, and will extend through April 28, 2020, the end of the Spring semester.

The refunds for these facilities total:

University-owned housing	\$ 3,040,450
Towers	2,082,722
Rosen	<u>232,033</u>
Total	<u>\$ 5,355,205</u>

On March 20, 2020, the Board of Governors provided guidance that outlined the allowable sources of funding for any refunds or credits to students (see Attachment D), which included:

- (A) Unencumbered surplus funds in housing that are not required for maintaining prudent debt service coverage.
- (B) End-of-year balance funds in university E&G carryforward accounts that can be used for any purpose as specified by each university board of trustees pursuant to section 1011.45(3)(f), Florida Statutes. In light of the emergency circumstances, the Board of Governors authorized use of these funds to provide students refunds, rebates, or credits for unutilized portions of housing and/or dining plan contracts through August 31, 2020.
- (C) Unencumbered surplus funds in any state university auxiliary.
- (D) Proceeds from any applicable business insurance policy.

Per the university's Risk Management and Insurance Office, the current university business interruption policies will not cover loss of revenue related to the COVID-19.

As of February 29, 2020, the university's E&G carryforward cash balances (excluding encumbered and contractually obligated amounts) totaled \$125.2 million, consisting of \$34.5 million in academic units, \$61.8 million in non-academic units, \$28.9 in central reserves, and \$45.8 million in State-required reserves. Additional carryforward funding is projected to result from unspent FY20 operating funds. Any use of carryforward for these housing refunds would necessitate changes in current planned and board-approved usage of these funds. See Attachment E.

Housing strives to maintain a minimum of 10 percent of its operating revenues to serve as a cushion against unexpected but necessary expenses or a sudden loss of income and to build up money for long-term goals and future plans. The Housing bonds do not have a required year-end debt service coverage ratio. However, in order to issue additional bonds, a 1.20x coverage ratio would need to be maintained for the preceding two fiscal years.

Housing had previously made plans to request a 5 percent rate increase for each of the next three fiscal years at the April 22, 2020, Finance and Facilities Committee meeting and the April 23, 2020, Board of Trustees meeting. This increase will generate \$1.38 million in FY21. To refrain from increasing educational costs for students and their families, Housing rates had not increased since FY12; during this period, Housing has utilized its operating reserves to complete all critical repairs and maintenance, while deferring other planned maintenance and building refreshes.

Alternatives to Decision:

The Board needs to determine the source for refunds of students' housing payments for March 30 – April 28, 2020:

- 1. paid fully from Housing auxiliary funds.
- 2. paid partially from Housing auxiliary revenues and partially E&G Carryforward funds.
- 3. paid fully from E&G Carryforward funds.

Fiscal Impact and Source of Funding:

The total cost of the refunds for students in university-owned, Towers, and Rosen housing facilities is \$5,355,205.

Recommended Action:

Use \$5,355,205 in E&G carryforward funds to refund students in university-owned housing, Towers, and Rosen facilities for March 30 – April 28, 2020.

Authority for Board of Trustees Action:

Board of Trustees' Delegation of Authority to the President

Contract Reviewed/Approved by General Counsel:

NA

Committee Chair or Chair of the Board approval:

Chair Alex Martins has approved adding this item to the agenda.

Submitted by:

Joseph Trubacz, Interim Vice President for Financial Affairs and Chief Financial Officer

Projected Ending Operating Cash	7,079,185	5,376,521	(1,702,664)
Ending Replacement Reserves ⁸	9,073,005	8,643,005	(430,000)
Total Cash	\$ 16,152,190	\$ 14,019,526	\$ (2,132,664)

¹ The revised revenue projections have removed all anticipated UCF owned on-campus rental revenues and all other revenues generated from conferences and summer events.

² The revised salary projections are higher than the previous estimates prepared as of Q2. There are no projected decreases in salary costs for A&P and USPS personnel as the majority of these employees are either working remotely or will be utilizing paid leave balances.

³ OPS salaries include costs for part time personnel, RA personnel, and other temporary staffing which will be scaled back during the summer period.

⁴ Housing has reviewed it's budgeted repair and maintenance expenditure plans for the year and has revised their estimated expenditures shown in the table below. All projects that were removed below would be deferred until the next fiscal year with the exception of the Fresh Air Introduction Project which we plan to cover using R&R funds.

Projected Repair and Maintenance Projects	Previous FY 2020 Projections	Revised FY 2020 Projections
General repairs & maintenance	1,659,944	1,659,944
Replace chill water HVAC units-Nike & Hercules Communities	500,000	
Renovation of showers in Hercules Community	430,000	
Fresh Air Introduction Project (Will now fund from R&R)	300,000	
Replacement of Brevard, Orange, and Seminole Stairwells	280,000	
Total Repair and Maintenance	3,169,944	1,659,944

⁵ Utilities are trending higher than the initial expectations. UCF Housing is working with the Utility and Energy Services department to determine the levels of anticipated utility savings if certain dormitories, apartments, and other housing facilities are closed during the summer period.

⁶ Other Capital Outlay projections originally included the cost of 4 new vehicle purchases. These purchases will be deferred to the next fiscal year.

⁷ Construction transfers previously included a \$1.2M transfer to the University's telecommunications department for the ongoing ResNet upgrade project. It was determined that all future planned transfers can be deferred by 1 year.

⁸ The R&R fund must maintain a cash balance equal to 30% of projected operating revenues. Due to the projected decrease in Summer revenues, a transfer would no longer be required for FY 2020.

	PREVIOUS F Y 2020 Projections	REVISED F Y 2020 Projections
Housing Transfer to Repair & Replacement Reserve		
Operating revenue	30,243,350	28,312,904
30% reserve requirement	9,073,005	8,493,871
Estimated R&R balance end of prior year	8,588,176	8,643,005
Additional transfer necessary	484,829	-

State University System Guidance on Housing and Dining Contracts

On March 17, 2020, the State University System extended the requirement for state universities to provide remote instruction to their students through the end of the Spring semester. To minimize the economic burdens that the COVID-19 emergency may place on students, we encourage each state university to develop a plan for providing a refund, rebate, or credit to students who may no longer be able to utilize their university residence hall and/or dining plan contracts.

We recognize that each university will need flexibility in developing and implementing a plan appropriate for its students. To assist in providing this flexibility, we note that available sources of funds, depending upon the contract and the availability of funds at each state university, may include:

- (A) Unencumbered surplus funds in housing that are not required for maintaining prudent debt service coverage.
- (B) End of year balance funds in university carry forward accounts that can be used for any purpose as specified by each university board of trustees pursuant to section 1011.45(3)(f), Florida Statutes. In light of the emergency circumstances, utilizing these funds for purposes of providing students refunds, rebates, or credits for unutilized portions of housing and/or dining plan contracts is hereby authorized through August 31, 2020. Any amounts expended from this fund should be managed centrally at each university and reported to the Chancellor of the Board of Governors by September 30, 2020.
- (C) Unencumbered surplus funds in any state university auxiliary.
- (D) Proceeds from any applicable business insurance policy.

Finally, we recognize the financial condition of each state university varies and that such plans, if developed, will have to be tailored so as to not jeopardize a university's financial condition or adversely impact ongoing university operations and the provision

of essential services.

Syd Kitson, Chair
Florida Board of Governors

Marshall Criser, III, Chancellor
State University System of Florida

Board of Trustees Teleconference Meeting - New Business
Attachment E

Carryforward as of February 29, 2020
(excludes encumbrances and other contractual obligations)

*Carryforward departments carry negative cash balances until student fee collections and state appropriations are distributed to the Central Carryforward Reserve. The reserve then distributes to the other carryforward departments to cover their negative cash balances. Therefore, the available budget (budget less expenditures and encumbrances) represents the available cash in carryforward departments.

*Departments with an assigned DLI attribute have been removed
